STARTLING BUT TRUE!

WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health

THE BLOOMING BRIDE,

But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an utter physical and mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often

HEREDITARY COMPLAINTS UPON THE CHILDREN

"UNTO THE THIRD AND FOURTH GENERATION,"

Transmitting CONSUMPTION, SCROFULA, HYPOCHONDRIA, INSANITY, GOUT, KING'S EVIL, and other and worse Diseases, as a

DREADFUL INHERITANCE FROM THE PARENTS.

And must this continue? Must this be? Is there no remedy? No relief? No hope?

The remedy is by knowing the causes and avoiding them and knowing the remedies and benefiting by them.

These are pointed out in

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION,

BY DR. A. M. MAURICEAU, PROFESSOR OF DISEASES OF WOMEN

One Hundredth Edition, (500,000), 18mo., pp. 250.

ON FINE PAPER, EXTRA BINDING, $1.00.]

A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES

have been sold, of which there were upwards of

ONE HUNDRED THOUSAND SENT BY MAIL,

attesting the high estimation in which it is held as a reliable popular Medical

BOOK FOR EVERY FEMALE

the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c). Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage.

Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avail to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright and other devices and deceptions, it has been found necessary, therefore, to

CAUTION THE PUBLIC

to buy no book unless the words "Dr. A. M. Mauriceau, 129 Liberty Street, N. Y." is on (and the entry in the Clerk's Office on the back of) the title page, and buy only of respectable and honorable dealers, or send by mail, and address to Dr. A. M. Mauriceau.

Upon receipt of One Dollar "THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION" is sent (mailed free) to any part of the United States, the Canadas and British Provinces. All letters must be post paid, and addressed to Dr. A. M. MAURICEAU, box 1224, New-York City. Publishing Office, No. 129 Liberty Street, New-York.

## Appointments and Disappointments.

Our neighbor of the Journal, in his last issue, attacks Mayor Hayward in a very ungentlemanly manner in regard to the new appointments of the City Watch. He says "the best men have been left off, and their places poorly and miserably supplied"—characterizes the nominations as a "mean act" on the part of the Mayor—and intimates that it was performed at the bidding of "the rabble of the Hindoo," to reward them for their votes. This is accompanied with other characteristic slang about "Lazzaroni," "The Forty Thieves," &c., altogether unworthy of a respectable newspaper.

Now in regard to the above and other appointments which have been made by the City Government, and which have been made the subjects of similar attacks, we have only to say that they are made from among the most active, and efficient of our citizens, that the new officers are men of undisputed character and standing, and that in our opinion they will perform the duties of their stations with promptness and vigor, and to the satisfaction of the people, and this will soon be acknowledged by all candid men among the few who are now dissatisfied. So far as any action of Mayor Hayward is concerned, it has been with the best and most conscientious intentions, and no decent man would impute mean or dishonorable motives to him. The Chief Magistrate of the city should be treated with more respect, than to be made the subject of such blackguardism, without the shadow of cause or own, and upon the merest assumptions of a writer who allows personal disappointment and local a slice to run away entirely with his better judgment. Such persons should be ashamed into a little decency in their opposition.

The truth is, that the concealed motive of all this vindictiveness is a determined opposition to any government which is united upon the question of suppressing the liquor traffic. A large majority of the people of this State and of this city, are agreed in the sentiment that the good of humanity calls for this suppression—and laws have been enacted to that end. The expediency of this course is so universally acknowledged, that even the opponents of the measure do not openly oppose the *principle* of prohibition, but on the contrary pretend to favor it. The question then is, shall the thing be done? The present city government, we believe, are united upon that point, and will act with energy, and at the same time with discretion and a proper regard for personal rights, in carrying out the will of the people. It is said that it has not been so altogether, heretofore—that for some reason or other—from some want of harmony or efficiency in action—there has been a want of success in preventing the introduction and sale of liquors contrary to law—that large quantities have been brought in and deposited under cover of darkness, and that the people who are sincerely in favor of stopping the traffic have been dissatisfied and disappointed in results. If the new city government aims at rectifying errors or short-comings in these respects, and indicates a determination to take a straight forward course, we think the people will not complain, however much the sympathisers in the traffic may feel aggrieved. The true motives of much of the captious opposition are to be found in connection with this matter, although cloaked under open and sneering attacks upon the "Hindoos."

### Town Officers Elected.

Brunswick, March 28, 1855.

*Messrs. Wheeler & Lynde*,—I send you a list of our town officers, elected this Spring:

*Moderator*—Attwood Bargow.

*Town Clerk*—C. H. Packard.

*Selectmen, Assessors and Overseers of the Poor*—Daniel Blanchard, Sumton Patten, J. C. B. Packard.

*Town Treasurer*—Abram Packard.

*Town Agent*—O. Blanchard.

All Republicans. Yours,

Ellsworth.—The following town officers were elected on the 24th, (all belonging to the "American" party) by very large majorities:

*Moderator*—Isaac Dutton.

*Town Clerk*—W. H. Chaney.

*Selectmen*—Jesse Dutton, John L. Moor, [illegible] P. Jordan.

*Treasurer*—William Glass.

Election in Phillips.—We learn from the Farmington Chronicle, that at the town election in Phillips, hitherto a "liberal" Democratic town, the lines were drawn between the Republicans on one side and Straight-outs and Hunkers on the other, and that upon a full vote the Republican ticket was chosen by an average majority of 73 votes. The following is a list of the officers elected:

*Moderator*—B. F. Eastman.

*Town Clerk*—Abiel Russell.

*Selectmen*—Wm. H. Josselyn, Curtis Smith, Samuel Wheeler.

*Treasurer*—Theodore Marston.

*Superintending School Committee*—H. M. Butterfield, J. C. Beal.

*Collector and Constable*—D. L. Dennison.

The town of Avon has also chosen Republican officers.

Officer Persons, armed with a warrant for Rose Eastman for larceny of wearing apparel from the house of Jesse Norcross, pursued and arrested her at Waterville on Friday last, and returned with her to this city on Saturday, when she was sentenced in the Police Court to imprisonment in the county jail for thirty days, and to pay the costs of prosecution.

The Manchester Strike.—It is said that the mills which were abandoned by the operatives are again at work—new hands having readily been obtained from the surplus help at Lawrence, Nashua, Lowell and Blackstone—and that the work is now done on the same time, and at the same rates as before the strike.

Messrs. Edwards & Co. will accept our thanks for copies of Boston papers received by them at [illegible], in advance of the Mail.

The Land Agency.—The Chronicle, printed at Farmington, has an article speaking in the highest terms of the newly appointed Land Agent, Isaac R. Clark, Esq., of this city. It is well known that the Republicans of Franklin were unanimous in presenting for that office the name of Mr. Talbot, a highly respected and influential citizen of that county. In reference to this, the Chronicle now has the following remarks, showing the generous and disinterested feelings of Mr. Talbot's friends, and the readiness with which all true Republicans are prepared to sink personal feelings, and cheerfully to endure private disappointments in the matter of office. It indicates that the bond of union is something stronger than the cohesive power of public plunder."

The Chronicle says, in alluding to Mr. Talbot:

But while receiving such numerous and flattering testimonials in his favor—the unanimous influence and approval of the Republicans of his own county and extensive support in the State at large—we are authorized to say that he early signified to the Governor that he was *not personally* so desirous of the position as not to cheerfully step aside, whenever harmony or the public good should justify it, and that he certainly should not in any case allow his name to be used as to embarrass the executive. And subsequently, in accordance with this feeling, at a period when his prospects of receiving the appointment were apparently as good as those of any other individual, he voluntarily withdrew his name *so far as he was personally interested*, and expressed to the executive the desire that some other person should be selected. And we are warranted in further saying that both the individual townsmen we allude, and his friends of this county, most cordially acquiesce in the selection that has been made.

We congratulate the public that in Mr. Clark they will have a capable, honest and faithful officer.

Decision Reversed.—It will be remembered that the local board of steamboat inspectors for this district revoked the licenses of George Stephley and James Collins, pilots of the steamer Ocean, and of James Donovan, master of said steamer, and also a licensed pilot at the time of her collision last fall. These parties appealed from this decision to the superintendent and he has recently given his opinion, revoking the decision—on the ground that there was a misunderstanding of the rules on the part of the pilots. So says the Boston Journal.

Fire at North Vassalboro'.—The old Sandwick Tannery at North Vassalboro' was destroyed by fire on Thursday night of last week. From $3000 to $5000 worth of stock was in the building. No insurance. The stock was owned by E. Frye. The Vassalboro Manufacturing Company's stables and two dwelling houses, with out-houses, were destroyed. A valuable horse perished in the flames. The fire originated in the tannery, and the cause is unknown.

The amount of insurance is small.

Free School Book System.—A bill has passed to a third reading in the Massachusetts House of Representatives, "authorizing and requiring each city and town to furnish the school books used in all the public schools, under the supervision of the school committee, at the expense of said city or town." This system, it is said, has been in operation in New York, and is intended to carry out more fully the theory that education should be *free* to every child of the republic, and to subject none to difficulties in so doing.

The Boston Journal, in speaking of this bill, says:

The advantages are that the parents (some of whom are ill able to bear the tax) are relieved from the burdensome expense of changing school books as their children progress. When a pupil has advanced to a higher class, his old books, instead of being, as now, almost valueless, would revert to the school, and are again used by those who succeed him in his class. Many dollars may thus be saved to parents. The expense to the city or town would not be so great as might at first be supposed, as one set of books would answer for several successive classes of pupils, and the cost would be as nothing compared to the expense to individuals under the existing arrangement. We understand that the bill has the approval of some of our most distinguished educators, and it is hoped it will pass the Senate.

For the Daily Whig and Courier.

### The City Watch.

Mr. Editor: I see by the Journal of Saturday, that the Mayor and Aldermen, on Friday, appointed the City Watch for the current year. Those appointments are characteristically commented upon by the editor of the Journal. I am acquainted with only two of the appointees, but my knowledge of them and the ungracious (not to say ungentlemanly) remarks of the Journal lead me to believe that the new appointments were eminently fit to be made. It seems strange to me that a paper pretending to decency should allow itself to make such uncalled-for remarks on an occasion like the present, when a man of the respectability of character and good standing of John Burrill (and others perhaps equally deserving) is concerned.

Citizen.

Daring Robbery.—Last Tuesday a thief managed to secrete himself in a cellar of the store of G. N. Black & Co., of this village, and to be locked in while the clerks went to dinner. When all were gone he amused himself by taking from the money drawer $126, and retreating at the cellar door. The money was missed immediately upon the return of the clerks, and the thief soon traced on board the stage for Bangor. The "wires" informed J. A. Peters, Esq. of the theft, the result of which was, that an officer met the stage in Brewer and soon scraped acquaintance with Mr. Thief. There was but $123 found upon him, but the thief was identified, and the thief brought back yesterday morning at the expense of the State. Ellsworth is a hard place for the transgressor.

We have just learned that the name of the thief is Scribner. Others are supposed to be concerned in the robbery. They are on the track of the balance of the money. One of the supposed accomplices is now in jail at Bangor. We learn that there was a warrant against Scribner for breaking into a store in Bangor and stealing a watch, a few weeks since.—*Ellsworth American.*

[Officers Walker and Higgins arrested Scribner and George Severance, the persons who are charged in this matter.]

The New Custom House at Portland and Waldoboro, Me.—We understand that the Secretary of the Treasury has awarded the contract for building the new Custom House at Portland, &c., to Waland & Cummings, of Boston, or Quincy, Mass., and that for the new Waldoboro' Custom House to Joseph Coburn, also of Boston.

Death of a Sister of President Pierce.—Mrs. Elizabeth A. McNeil, widow of the late Gen. John McNeil, and sister of President Pierce, died at Clinton, N. Y., on Tuesday night.

### Varieties.

In one of the towns of Indiana, a short time since, a liquor dealer sold a man brandy, from the effects of which he lost his life. A jury under the new liquor law, awarded the widow of the deceased $500 damages against the dealer.

A young soldier belonging to Glasgow, has sent home from the Crimea a pistol bullet firmly imbedded in a technical medal. He carried in his waistcoat pocket this medal, which arrested the bullet, and it is to be presumed saved his life.

The bankers of Sacramento, California, have determined not to receive drafts on each other in payment of notes or acceptances, nor will they certify checks for each other.

Forgiveness is the most refined and generous point of virtue that human nature can attain to. Cowards have done good and kind actions, but a coward never forgives—it is not his nature.

Ignorance and credulity have ever been companions, and have misled and enslaved mankind.—Dr. Larwin.

Land will generally produce something, but it depends on the owner what that shall be—whether a crop of grain or one of weeds.

A young lady was recently cured of the palpitation of the heart by a young M. D., in the most natural way imaginable. He held one of her hands in his, put his arm around her waist, and whispered something in her left ear.

An Englishman observed a postilion with one spur, and inquired the reason. "What would be the use of the other one?" said the postilion, "for when one side of the horse goes the other can't stand still."

Let a woman be decked with all the embellishments of art and of nature, yet if boldness is to be read in her face, it blots all lines of beauty.

Beauty is the object of liking, great qualities of admiration, good ones of esteem, but love is an [illegible] of love.

Havana News.—The Ile Dominicaine Ordered to Spain. New York, March 30.—The steamship Philadelphia arrived at this morning from Havana 24th to the evening of the 23d inst., anticipated by the Crescent City at New Orleans.

Roman Pinto met his fate heroically. His last words upon the scaffold were, "Pinto is, I die innocent. I am a Spaniard."

The sentences of Cadalso and Pi to had been commuted to ten years in chains in Africa.

Mr. Thomson, U. S. Consul at Sagua, has received permission to return to his home.

Upon the occasion of the firing at the Cabo de Isla Dor do the second time, the Spanish frigate was some four miles off, and as her shots did not come within a mile and a half of the El Dorado, she kept on her way, and paid no attention to them.

*Baltimore*, March 30th. The Southern mail, has arrived. The steamer Isabel, at Charleston, brings Havana dates to the 24th. Much excitement existed at Havana, induced by the execution of Ramon Pinto, on the 22d.

The popular feeling was at such a pitch that the Captain General has not been seen in public since the event, and the body of the executed man, instead of remaining exposed for twelve hours, as customary, was removed at once.

The vindictive conduct of the Captain General is severely censured since he upon the refusal of the Minister of War to sign the death warrant of Pinto, upon the ground of informality, convened a council of five, and by his casting vote, the council being equally divided, sealed the fate of the deceased.

The trial of Estrampes and Felix was to have taken place this week. Our Consul, Col. R. [illegible] drawn, had insisted upon their release, but the result of his application was not known when the Isabel left.

Ship Building.—There will be rather more tonnage built the present year than has been generally supposed, from the dull state of the carrying trade, especially for large vessels, and more than one in five in what are earning their running expenses, to say nothing of depreciation and interest. This is owing to the reduced cost of building consequent on the fall in the value of hard pine and southern oak timber, which are about half the prices of last year, as well as a material decline in labor, and also to the fact that some sizes of vessels are not so much in excess as others. We understand that ship carpenters' wages, for common hands do not now exceed five shillings a day, and ordinary workmen obtain less. This is a great reduction, and can hardly remain so low after the spring opens, considering the high price of agricultural produce, and the facility for emigration to the fertile lands of the West.

The principal builders on the Merrimac have, we believe, contract or two ships each, though taken at low rates. Messrs. Currier & Townsend, who launched the fine ship Currier, last Wednesday, laid on Friday, the keel of another ship in the place where the Currier came off, and several of the former ones. Messrs. C. & P. have recently added to their yard one of the largest steam saw mills in the country, which gives them great facilities in building.

The price of Maine built ships, which last year ranged from $52 to 55 a ton, has settled down pretty generally, to $43 a 45 per ton, though occasionally there were sales of hard wood ships of favorite models and good fastening, at something like $50 a ton.—*Newburyport Herald.*

Among the most startling wonders in connection with electricity is the announcement that M. Bonelli, of Turin has invented a new electric telegraph, by which trains in motion on a railway, are enabled to communicate at all rates of velocity, and at the same time, with the telegraphic stations on the line; while the latter are, at the same time, able to communicate with the trains. It is added, that M. Bonelli is in possession of a system of telegraph communication by which wires are entirely dispensed with.

Some of the papers speak of the French Spoliation Claims as likely to come before the newly constituted Board of Claims. This is a mistake. The law specifies the jurisdiction of the new Board. It is, 1st, over cases founded upon the laws (the United States, 2d over those founded upon the regulations of any of the Departments. 3d, over cases growing out of contracts with the Government. The French Spoliation Claims belong in neither of these classes. They, and others, are therefore continue within the province of Congress. Congress may however, or either House may, at their discretion, refer them to the Board by a special law.

Barn Burned.—A barn belonging to Solomon Jewett of Chesterville was destroyed by fire on Monday last, supposed to have been caught from a spark from the chimney. There was also burnt in the barn a mare belonging to Mr. Joseph J. Hinckley, Cornville, worth $150, a 4 years old colt, and 9 or 10 tons of hay belonging to Mr. Jewett. Loss about $600.—*Skowhegan Clarion.*

The Eagle, Democratic Senator, in the New Hampshire Legislature, was elected by less than a majority out of 5100 votes—and that, too, in the hitherto impregnable democratic county of Coos. As in Maine, so in New Hampshire, light has broken forth in the most benighted regions.

The alarm of fire on Saturday evening was occasioned by the burning of a small building, of little value, on Thomas' Hill, west of the Theological Institution.

A rain-storm commenced in this region, on Saturday night, and continued through most of the day, yesterday. The warm weather of last week has weakened the ice in the river, although there are no present signs of its breaking up.

Fire in Bath.—The grocery store of W. H. Foye, with a stock of goods worth $3000, was destroyed by fire on the 25th. Insured for $2500 on the goods.

"Krey and Burned Alive." A Milwaukie correspondent of the New York Tribune relates the following amusing incident which occurred, after a snow storm, on one of the railroads in the vicinity of that city.

"A company of Irishmen were employed in shoveling into one of the deep cuts, under the direction of one of the officers. The snow had drifted in behind them, piling up the track again, when a powerful locomotive, with a snow plow attached, was sent under full head of steam to clear it out. On she came, dinging the drifts over her smoke stack, and walking straight through all obstacles, till she rushed bolt upon the company of shovelers. They heard the whistle, but supposing she would halt, kept on with their labors. The engineer on the contrary, supposed they would clear the track, and shot down on them so rapidly that the superintendent had barely time, by a powerful jump to save himself. The shovelers had no time, and the snow plow, as it tore through the drifts, turned over a double furrow of live Irishmen. Some were thrown high and dry upon the bank, others were smoothly laid out and covered in, but not one was injured. It is said that the most of them lost their senses, and it was difficult to convince them to the contrary."

The New Liquor Law. Under this head the State of Maine pretends to give a synopsis of the new liquor law. It says:

"If any man carries in his own baggage or about his own person a flask or other vessel containing liquor of any sort, to be *used by him*, the party so doing is made liable to a fine of thirty dollars and thirty days imprisonment."

This is an unqualified falsehood. The law contains no such provision. There is nothing in it to prevent any man from having liquor in his possession for his own use.—*Advertiser.*

Presidential Movement at the South.—The Columbia (S. C.) Times recommends a Southern Convention, to be held before the usual time for holding the National Convention, and to consist of an equal number of Whigs and Democrats from all the Southern States. A platform to be agreed upon, and a pledge given to support the nominee of the national party, be he Whig or Democrat, who shall in good faith accept that platform.

Here we have "fusion" at the other end.

Lamentable Death of a Snake. On Sunday Major Hauck got up an unusual roar. He replenished the fireplace in the office of the jail, with a hickory stick, and after the said stick became pretty well ignited, it gave forth terrific noises, hissing and snapping as though an extraordinary fry was going on. The peculiar noise attracted attention from all present, and on taking the stick off it was found to be hollow, with the baked remains of a black snake, apparently three feet in length, lying inside. The snake had probably laid there all winter, awaiting the warmth of spring, but unfortunately his resurrection was anticipated.—*Albany Express.*

### THE LIFE OF

### Hon. W. H. SEWARD,

HIS Speeches, Orations, and Writings in One Volume, with a Portrait. Just published. Price One Dollar.

Mr. Seward's biography is excelled by that of no living cotemporary in interest and importance. His principles and sentiments are clearly and eloquently stated in the extracts embodied in this volume. Several of his best speeches are given entire. Universal Education, Freedom and Internal Improvements, are the prominent topics of this book, as they are of the present age. In their discussion every true friend, of Republican Institutions is now more than ever interested. To all classes of people, old and young, therefore, this book is presented as a Manual of Political Philosophy. Since the views and principles embodying Freedom and Improvement in this country have come to be generally known as *Sewardism*, every intelligent person, on either side, requires to be fully "posted up" in the matter.

### The Most Successful Remedy,

REV. WALTER CLARKE'S

## Great European Cough Remedy,

—OR—

### Universal Cough Mixture.

IT unquestionably the best remedy for Coughs and Chronic Pulmonary diseases ever [illegible] ered. Read the following certificates, and remember they are all from persons of first rate respectability, and they all live in this State, and are willing to answer all enquiries addressed to them—Read and judge for yourselves, they are selected from a multitude of others.

*From Dr. John Brown, Liberty, Me.*

Dear Sir—I have made use of your European Cough Remedy for a cough with which I have been afflicted for some time, to my entire satisfaction, and have also employed it in my practice with the happiest results, and am fully convinced that it is one of the best medicines in use for what it is recommended. JOHN BROWN, M. D.

Mrs Hunnewell, of Scarborough, had for two years and ten months been afflicted with a most distressing cough, with extreme pressure of the lungs, and other painful symptoms. During this time she had employed good physicians and taken many of the popular advertised medicines without experiencing any permanent benefit. Many nights she was obliged to sit up for hours, not being able to breathe lying down, and her friends despaired of her recovery. Last June she was induced to try Rev. W. Clarke's Great European Cough Remedy. A trial bottle, 25 cts., greatly relieved her, and encouraged her to try a large one, 75 cts., and to the astonishment of all who knew her, these two bottles, without any other medicine whatever, completely restored her to health, which she continues to enjoy.

Her relatives [illegible] hold themselves ready to answer all enquiries respecting the above extraordinary cure, and are satisfied that the European Cough Mixture is the best remedy known for Coughs and disease of the Chest and Lungs, and as such they recommend it to the afflicted.

They also state that Mr. Watson, one of their neighbors, who was considered by his friends as in a consumption, was persuaded to try the European Cough Remedy, and the result was a rapid recovery.

*Remarkable Cure!* Phillips, with severe Cough, [illegible] Brewster, Postmaster at Corea [illegible] 1855. Rev. W. Clarke—*Dear Sir*, [illegible] Samuel [illegible] Greene, Kennebec County, Me., [illegible] with the Phthisic for a number of years [illegible] past winter he was so distressed [illegible] could not lay down. At last [illegible] European Cough Remedy, he sent for a bottle and commenced taking it. He was greatly relieved by the first dose, and from that time he rested well at night. A few bottles completed the cure, and he now desires to recommend the medicine to others, as he is fully assured that it is worthy of the utmost confidence.

The following has just been received from John Dresser, Esq., agent for Paris, Me., dated Nov. 8, 1855:

*Dear Sir*—You will recollect that when you were here I had a severe cough, of three months standing. I had tried all the cough medicines I could obtain without success. Your medicine has cured it. It has also cured many of my neighbors. Please send me some more medicine immediately. Yours, &c., JOHN DRESSER.

Rev T. Oliver, West Waterville, testifies to the extraordinary cure of a lady, who, to all appearance, was in the last stage of consumption, so that it was thought she could live but a short time. A single bottle cured her cough, and she speedily recovered. (Rev. Oliver states that he knows another person who a long time had been afflicted with the Phthisic, with severe cough, &c., who was completely cured by two bottles of the Universal Cough Mixture.

DOCTOR HOOFLAND'S CELEBRATED

## GERMAN BITTERS,

PREPARED BY

*Dr. C. M. JACKSON, Philad'a, Pa.*,

WILL EFFECTUALLY CURE

**Liver Complaint, Dyspepsia, Jaundice,**

*Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach,*

Such as Constipation, Inward Piles, Fullness, or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c.,

Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known Physicians and individuals, in all parts of the country is immense. The following from your own State is respectfully submitted, referring any who may still doubt, to my "Memorabilia" or "Practical Receipt Book for Farmers and Families," to be had gratis, of all the Agents for the German Bitters.

Principal office and manufactory, 120 Arch St., Philadelphia, Pa.

TESTIMONY FROM MAINE.

*Cap. Daniel Abbott*, Brooklin, Maine, July 6, 1853, says: "I was taken sick one year ago last April, upon my passage from Havana to Charleston, S.C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of 'Hoofland's German Bitters' in it, I sent for some immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night and the next day found me a well man. I have not been without your medicine since, having been running between Baltimore, Charleston and the West India Islands ever since. I have now given up going to sea and reside in this place where you should have an agency, as you could sell large quantities of it."

*Jos. B. Hall & Co.*, Presque Isle, Aroostook Co. Maine, April 21, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We think Mr. C. ark to be a man of veracity, and have no doubt of the truth of his story."

Messrs Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters," I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years. She feels no pain in her side or in any part of her body, and attributes her cure alone to the German Bitters. WILLIAM CLARK.

Salmon Brook, Aroostook Co, Me.

You should bear in mind that these Bitters are *entirely vegetable*, thereby possessing advantages over most of the preparations recommended for similar diseases.

WILBOR'S COMPOUND OF

## PURE COD LIVER OIL AND LIME.

THIS valuable medicine, which has received the sanction of the medical faculty, by whom it is regularly prescribed, and which has been tested successfully by thousands of invalids, is one of the most remarkable preparations ever offered to the public, for the *cure of Consumption, Scrofula, Coughs, Colds, Asthma, Bronchitis, Spitting of Blood, and all Complaints of the Lungs.*

Pure Cod Liver Oil has long been acknowledged to be the most efficacious remedy for the cure of Consumption and kindred diseases, yet discovered, while the chemical properties of the *Phosphate of Lime* are also known in medicine as being peculiarly healing. In cases where ulceration has taken place on the lungs, this article has been found by the most careful tests, to supply the very ingredients necessary for the formation of cells, and the complete healing of this delicate part of the human system.

This preparation of the pure Cod Liver Oil and Lime robs the oil of its very nauseating taste, which renders it so repulsive, particularly to invalids. The thorough incorporation of the Phosphate of Lime with the Oil has only been accomplished by the adoption of the most perfect rules of chemistry, and a medicine has thereby been produced which is of inestimable value in a climate like our own.

A long array of certificates might be given here to prove the efficacious character of this medicine, but it is not deemed necessary. The fact that from the very first introduction of the Cod Liver Oil and Lime before the public, it has been gradually adopted by the medical faculty, is sufficient proof of its unquestioned excellence.

## SEA WEED TONIC,

—FOR THE—

### Cure of Dyspepsia.

THIS remedy is composed of a compound preparation of a common weed growing along the sea shore, and is a certain remedy for the cure of Dyspepsia and its accompanying diseases, to wit: *Sour and Sick Stomach, Loss of Appetite, Headache, Pain in the Side and Breast, Palpitation of the Heart, Ulcers and Eruptions of all kinds, Chills and Fever, Gravel, and Diseases of the Kidneys, Nervousness, Weakness of the Limbs, Fainting Spells, and all diseases peculiar to Females.*

Nearly every person is more or less afflicted with Dyspepsia, or some of the diseases connected with it, and it is with feelings of pleasure that Dr. Schenck can announce to them the discovery of the virtues of the Sea Weed, which is just the remedy for their ailments. Dyspepsia and the many diseases arising from it, is caused by the deficient secretion of the gastric juices, and weakness of the powers of the stomach. The effect of the Sea Weed Tonic is felt soon after it is taken, as it supplies at once the principles of the deficient gastric juice, and the food is digested naturally. In fact the Tonic so nearly resembles the natural gastric juice that chemists often find difficulty in distinguishing them. It gives tone and strengthens the stomach, thus enabling it to secrete the proper quality and quantity of Gastric juice, and Dyspepsia and all its diseases soon disappear.

It is a well known fact that none suffer like the Dyspeptic, for in addition to the Dyspepsia there is often either Headache, Sick and Sour Stomach, Pain in the Side, Palpitation of the Heart, Chills and Fever, Gravel, Diseases of the Kidneys, Nervous Weakness and Irritability, General Debility, Lassitude, Loss of Appetite, Bad Taste [illegible] Stoppage in Females, all or each of which [illegible] a disordered state of the Stomach, and here is a newly discovered *remedy*, for the trifling sum of one dollar, that will cure all the [illegible].

Now, Dyspeptic, will you not avail yourself of this remedy for so trifling a cost, or will you still suffer on. The choice is for you to make. The Sea Weed Tonic is a pleasant bitters, giving a person a good appetite, and good digestion. It is put in quart bottles, always agrees with the stomach, and *one bottle* generally effects a cure. When the bowels are costive that unpleasant [illegible] complexion sallow, a box of Schenck's Mandrake or Liver Pills are to be used. A [illegible] accompanies each bottle of the Tonic, and will be found in a recess of the bottle covered with a label.

### SCHENCK'S

## MANDRAKE PILLS

Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver, and give a healthy tone to the entire system. Indeed, it is no ordinary discovery in Medical Science, to have invented a remedy for these stubborn complaints, which develop all the results produced by a heretofore free use of calomel—[illegible] reduced by mankind—[illegible] to the human system. [illegible] the properties of certain vegetables [illegible] the virtues of calomel, without its injurious tendencies, [illegible] now applied to the Mandrake Pill, [illegible] be and become as those provided by [illegible] common roots and herbs of the hills.

The Pills open the bowels and correct all disorder [illegible] without salivation, or any of the injurious effects of calomel or other poisons. The secretion of bile is promoted [illegible] as is shown by the altered color of the stools, and the disappearing of the sallow complexion and cleansing of the tongue.

Ample directions for use accompany each box of Pills, and the price of a quart bottle of the Sea Weed Tonic and box of Pills combined [illegible] one dollar. But separate boxes of Pills [illegible] of any of the agents for 25 cents.

These remedies are prepared under the personal supervision of Dr. J. H. Schenck, Proprietor of Schenck's Pulmonic Syrup, the well established remedy for Consumption, Bronchitis, Coughs, Colds, &c. &c., and the inventor of the celebrated Respirometer, for examining and detecting all diseases of the Lungs, Heart, &c.

### Radway's Regulators.

The Third Great Medical Discovery of Radway & Co.

ONE REGULATOR is sufficient to [illegible] the bowels, Liver and Pancreas to a [illegible] discharge of their functions.

Two will insure a [illegible] bowels, at a regular period [illegible].

Four to six will purge thoroughly all [illegible] and acrimonious humors from the system [illegible].

**Important to Pill Takers.**

Every one who is in the habit of taking pills will find RADWAY'S REGULATORS [illegible] pleasant, safe, [illegible] els, Liver, Pancreas, and [illegible] or of the Blood in use.

One of Radway's Regulators [illegible] point of medicinal strength [illegible] the most popular and best [illegible] pills.

**Radway's Regulator.**

*Radway's Regulators* are most carefully prepared from extracts and gums of trees, plants, roots and herbs. There are no pills in use that will act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and effectually as the R. R. REGULATORS. No pills can be taken for any length of time with the same safety to the constitution, for, instead of debilitating the system by powerful and drastic purging, they act pleasantly upon the bowels and impart strength to every nerve and tissue of the body.

**Regulators vs. Pills.**

"We are continually asked, What is the difference between Radway's Regulators and ordinary pills?"

We answer that pills, as they are ordinarily prepared and sold by different manufacturers, are generally of two kinds—those which operate on the bowels merely, called purgative pills, and those which excite the secretion of the liver, and are called mercurial or liver pills. Radway's Regulators resemble pills merely in shape, but differ in every other character [illegible]. They act not only on the bowels, but on the liver, skin, pancreas, and kidneys, regulating each organ to a healthy action. They are not drastic, and never [illegible] as most purgative pills do; they will [illegible] the body without endangering the patient [illegible] as mercurial pills do; containing no mercurials in their composition, they are harmless when used for a length of time. They are tasteless, being enveloped in an elegant coating of gum. 1 to 3 regulate, 3 to 6 purge—good at all times.

**As a Family Physic.**

RADWAY'S REGULATORS are the most innocent, safe, mild and pleasant pills in use. They are a quick and certain cure for Costiveness, Indigestion, Liver Complaint, Kidney Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder.

**Female Complaints.**

Leucorrhœa, Fluor Albus, Whites and Irregularities of all kinds.

**Bilious Diseases.**

Bile on the stomach, Bilious Cholic, Enlargement of the Spleen, and all Chronic Affections of the Liver and Kidneys.

R. R. R. REMEDIES are sold by Druggists everywhere.
